Hello Guys!

Hope all is well there and drier. We are praying that the mission trip meeting goes well and according to God's plans. We are excited about the prospect of hosting teams to spread the gospel to Cedara.

Please keep lifting these prayer requests up with us:

- Pray for mission teams that spread the gospel here well.
 - Continued favor with tutoring with staff, kids and volunteers. Wisdom in integrating the two cultures. Salvation for the kids.
 - We begin canvassing the community soon to begin adult ministry. Pray for persons of peace in Magwababa and Cedara. Also for African men to reach men.
 - Wisdom for Elizabeth's living arrangements next year. She started her middle school student teaching assignment Monday. Pray that goes well.
 - Jacob to have a safe and fun rugby term. Also for a place for him to stay while we are away seeing Elizabeth graduate in May.
- That's it. Thanks for "holding the ropes". Our parents are healthy this week. Pray that continues. Love you all!

Housing - We still are in need of a 3rd house in the countryside for our girls. Ask that the Father will lead us to the right house and that we can get the girls down there quickly. If He has other plans, ask that we will be patient and trust in Him as He reveals His will.

National Friend - One of our sweet friends is having a difficult time with her health. Ask that the Father will meet her physical, emotional and spiritual needs. Ask that we will be wise in how to encourage and love her through this trying time. Ask that the Body will be present in her life and that this will lead to greater glory for the Father.

Goat Project - We began a new project with 12 ladies in a neighboring area last week. We are excited and hopeful that this will lead to more d's and ch's. Ask that we will be wise as a team as we seek to steward this opportunity well. Ask that the Father will direct us to POP and HOP that desire to know more about the truth of the Son and are willing to share it with their family, friends, and neighbors.

Team - We are grateful for the various people that the Father has sent our way to help us complete the task to which we have been called. Ask that each team member will abide faithfully with the Father. Ask that they will remain faithful, pure and in close communion with Him. Ask that our team will be marked by a unity of the Spirit and a love for Him and others. Ask that we will be wise as we seek to steward the gifts of each of our teammates well.

- Please pray specifically for our family. We are physically ok but we sense the unseen powers at work.
- Please ask for wisdom, guidance and courage.
- Please specifically remember our dear national friend, H. She is under heavy attack from the evil one and we are asking for her to be freed from his grip.

Thank you for remembering us in prayer. We continue to minister at Albany State University in Albany, GA. Ways for you to pray with us:

1. Pray for local church partnerships near campus. College ministry by no means replaces the local church, but we rely on healthy local churches to welcome and disciple our students. We are primarily the arm for evangelism among students in Albany for local SBC churches. It is common for most SBC Churches in our area to be predominately Anglo. There is one church locally that could be described as multicultural. There is only one SBC church in our association that is led by an African American pastor. Pray that there would be a door open to partner with that church, and that more churches grow open and welcoming to a culture unlike themselves for the sake of the gospel.

2. Students are heading into spring break week. Pray specifically for purity and sound judgment to make wise choices. As they return from spring break, ask for open doors to share the gospel and apply it clearly to the lives of our students.

3. Praise God for six guys who came to our last Tuesday night gathering. Every other week we meet on campus for a meal and a message with students. We had more guys in attendance at this meeting than we have had at any other point since we have been working at ASU. Pray for their salvation and growth in Christ.

4. Each week Holley meets with girls on campus for Bible study on Sunday nights. She currently is studying biblical womanhood, and each week she is intentional to share the gospel with the girls. Pray that God would produce fruit among these girls, that they would leave sin behind and find joy in knowing Christ.

Dnow was amazing! We had over 1,000 students and volunteers on our campus. It was beautiful to see how churches came together for the sake of the gospel. Our camp registration opened this week, and I already have 106 campers registered. Yay! Pray for me and my team as we prep and prepare our hearts for summer. We love you all.

There was a local youth ministry position open up that I have applied for, now it's the waiting game. Pray for God's will and direction for us and where He wants us. Pray for our youth worship team we will be starting at the church we are currently at, pray that God will raise up some from the youth group to help lead their peers during our worship times.

This Saturday I (Chad) will leave with a group of 39 students and staff to Jacksonville, FL for our spring break trip! We'll stay for a week in a church that's graciously allowed us to stay in their building, just three blocks from the beach! During the week our students will participate in a few service projects, be in a small group Bible study, and enjoy free time at the beach! There are three students who will be on the trip that are nonbelievers. Would you pray for them to experience the love, grace, and fellowship found in Christian community and that they would see their need for Jesus? Pray for the Lord to be glorified through the trip, for our safety, and that our ministry would be more tight knit as a result of our time together. Please be praying for our family as we're apart over the week—I'm so sad to leave Emily and Caleb! Speaking of Caleb, he's doing great! This week he turned two months old. We're grateful to God for his little life! We love y'all; thank you so much for your prayers!!

Crowe's — pray as we seek to get mom moved into her house this week. Still much to be done, but we are closer. Alex was home from Wear's Valley Ranch for a few days for Spring Break. He is going back tonight. Pray as he is in a great environment to obey the Lord and to seek Him. He is hearing much of the Scriptures and prays that the Spirit will give him ears to hear. Tiffany had a pretty good scan today. Pray as her new doctors seek to treat her.

Grace - we are in full mode of encouraging and equipping our Grace Family to be evangelists and disciples at home. We will spend as much time as needed to equip for the home, then when our homes are firmly established mission and ministry places, we will shift the focus to school and work. Pray for our beloved Grace family, as we trust the Lord in this.

Please pray as we seek we seek ways to be creative in our business. It calls for much creativity and we really want God to show us how so He can receive the praise and glory. We sure need His help! We tire of trying to do things our way.

I am headed to another hospital, so I do not know if I will make it back for our Prayer Gathering, but if I don't, I will forward any GLBC Family request on. So if time is still available, please let me know. If not, we will be more than glad to pray for the things from last week and to ask the Lord how He wants us to pray for you.

Varnell, GA 30756

We are praising the Lord this week for 3 Decisions made for Christ since our last update through the "Peace With God" link! Thank you for your prayers and support of the Run for God ministry! God is certainly moving as we hear from instructors as well. The powerful seeds being planted as they serve are so exciting to watch.

Joey and Cece Traywick are in week nine of the Virtual 5k Challenge class. They talked with the class last night (who are watching from all over the world) about writing their personal testimony. This is the week we see many realize they do not have a testimony. Please pray as these folks search their hearts and reach out to all of us for answers.

Pray as well as preparations are being made for new materials from the Run for God camp. Remember, posts on YouTube, Facebook, Twitter, Instagram and email blast of, daily inspirational posts, "God Thoughts," "Who Do You Say That I AM?" and email blasts all send the message of the Gospel to a lost and dying world. Our reach is far beyond friends and family as Mitchell boosts the posts.

Anytime you can SHARE these posts, you are making a difference. Please Pray as we continue to seek God.

We love you Grove Level and are so thankful for partnering us! -

Today is my travel day home. Mardi Gras Outreach was great. There were many new team members, which we trained. Each day of the Outreach was great. Many tracts passed out. I know of at least a dozen folks that we're saved. I am preaching at Sugar Valley Baptist this Sunday night. I start revival next Sunday at Fairview Baptist in Rossville, GA March 17. Thanks for praying. I'll give a fuller report next week. Blessings Gynnette and Mark

I am glad that the work God is doing in and through me can travel across states! I bring Grove Level up many times in conversations about how God has brought me to where I am, so thank you and everyone there for playing your part in God's plan.

We had a new lady (recent widow) join us for the first time this week. We took a break from Colossians and did a prayer night, which I think worked well for her first time with us because we got to pray for her. We are planning to do a potluck social next week so hoping and praying we can invite some new neighbors to come. I am about to leave in a few minutes to go help a neighbor that just had back surgery trim some trees. He got an HOA letter in the mail about them and he told them that he had surgery. The lady that is part of the HOA reached out to Kelsey because she knew about our group and asked if we could help. I think that is cool that the HOA is giving us an opportunity to serve. So praying for more of that.

Youth Group: pray for good weather on Saturday. I've had a lot of the boys and parents excited about the disc golf and hamburgers so I'm really praying for the rain to hold off. (The forecast has already improved, so I think God is going to answer that prayer with a yes)

I did introduce the guy at BP to the guy with Attack Poverty. He gave him a tour of their places and showed him the work they've done and talked about their mission. The guy seemed really interested so I think they will at least have some sort of partnership. I will be continuing to pray for that. I also found out that one of the guys that came to a lunch and learn I put together last year for Attack Poverty to come to BP resulted in one guy who is a manager reach out to Attack Poverty about having his team come and serve! I honestly was a little bummed after that meeting last year because not many people showed up and it just seemed nothing came out of it. Proof that God is at work even when we don't see it. So just be obedient and bold.

Good afternoon! I hope the sun has found Dalton like it has in Wake Forest today. Sophie's arrival is getting to be very real! Be praying for us as we try to get the last bits of our house unpacked and prepared and that as we go down the list of our friends to watch Sadie when the time comes that there will be no hiccups in that.

We're both getting very excited and nervous as we enter yet another stage. We love you all.
